

IN THE FIELD OF SPORTS

Parson Davies Talks of Jimmy Barry's Hard Luck.

STAKE EVENTS AT MEMPHIS

Sensational Time by Senator Mand on the Oakland Track—Covers a Mile and a Quarter in 2:08—Raford Athletic Club Resigns—24-Hour Mile Record Since 1892.

Parson Davies, who is beyond question one of the best posted men in the world on pugilistic matters, as well as many others interested in the boxing game, is of the belief that the death of Walter Crost was due more to an unspiced ring than to the blow of Jimmy Barry, and gives it as his opinion that Barry will be acquitted when tried by an English court. Speaking of Barry's ring experience, Davies, who formerly managed the little champion's affairs, said that Jimmy had had nothing but bad luck since he became a boxer. "When he first came out," he says, "he could not find any one to fight with, and when he did get on a match with 'Kid' Madden, he broke his hand in the first round, lost the fight, and his manager, who was the next three rounds. Now, the first contest he takes part in on the island, after being postponed for three weeks, results in his opponent's death. There is scarcely a padded ring in all England, and I think that this much more than anything else, is responsible for Crost's death. It was the same way in New Orleans when Andy Bowen was killed. I wanted the managers to pad the ring, but they claimed that it interfered with the boxers' movements."

Whether there will be racing at Iron Hill today is a question. The racing factions are at it again, and Mr. Bill Thompson declares that unless ex-Senator Flynn starts the races and the Gloucester course are permitted to receive returns from the track the racing will not go on. The race seems to be between Thompson to Flynn as a starter, but as regards the Gloucester course, that is a different question. There is no doubt that the operation of the course will hurt the attendance at the track. Philadelphia sports will save \$1.50 by going to Thompson's pool room, and the Duke of Gloucester wants the advantage of that amount.

During the past season Star Pointer, 1,291-4, traveled over 8,000 miles, paced twenty-six heats below 2:05 and won \$2,212 of better.

Secretary McFarland, of the New Memphis Jockey Club, has announced the stake events for the special meeting, April 1. A feature of the program is the change from guaranteed stakes to added money, which will materially increase the size of the prizes. The Tennessee Oaks for 1898 is a new event, as vegetables for three-year-olds, with \$1,000 added, making the prize worth nearly \$3,000. The Derby was a guaranteed stake of \$5,000. Now the penalties and allowances have been done away with. Weight will be according to the scale, and the value of the prize will be \$7,000 and \$8,000.

Joe Goddard is on his way to Chicago from "Frisco."

Senator Brand's recent sensational performance at Oakland stamps him as the best four-year-old in the West. If he holds his form he will be a dangerous feature in stake events next year. He won the Owens Handicap, a mile and a quarter, in 2:08 flat. The performance was over a muddy track, fully two seconds slow, and the horse was pulled up.

The Radford Athletic Club has been reorganized. The club has put together a good football team, and hopes to arrange games with the Mount Vernon Athletic Club and the Fourth Athletic Club. This Radford team, line-up will be as follows: Jackson, left end; Moore, left tackle; Davis, left guard; Crown, center; Burns and Lewis, right guard; Safford and Damon, right tackle; Froese, right end; Heffner, right halfback; Rose, left halfback; Wagner, quarterback; and Jones, fullback and captain. Communications can be addressed to E. Jones, manager, No. 1940 Ninth street northwest.

The University of Pennsylvania team is seriously considering taking a trip to California during the holidays. There is also a possibility that the Carville Indians will make the trip.

There will be no end of middle distance bicycle races in the field next season and Jimmy Michael will not need to be idle.

C. P. Weaver, superintendent of WEI, who has made the track at that place one of the most noted in the world, is planning a big event in the racing line for next year.

John Johnson writes from Minneapolis that he has been training for long-distance racing, but that the snow has cut off his road work. He is back again under Tom Eck's management.

To persons suffering from indigestion, weeding is recommended as a positive relief, if not a cure.

Earl Kiser, the Dayton crack, is credited with riding five miles on an indoor track recently in 8 minutes 13 seconds, which is record time.

August Lehr, the German champion, is now on his way to this country to meet the American racing crack.

Michael appears to be pleased with the prospects of a match with Chase.

A staidist has arranged a table which shows at a glance how cycle speed has increased in a decade. In 1891 Holtheim held the record for twenty-four hours, which was 161 miles and 1,134 yards. Shortland held the record in 1892, 1893 and 1894, having the best that he could do was 460 miles and 1,226 yards in 1894. Fontaine, in 1895, rode 474 miles and 1,368 yards. In 1896 Goodwin was credited with 474 miles and 1,702 yards. The biggest gain was made this year, when the German, Conrad, ran the record up to 616 miles and 340 yards.

L. A. W. Meeting.

A meeting of the District of Columbia Division of the L. A. W. will be held at Typographical Temple, No. 425 G street northwest tonight. As the new constitution will be acted upon at this meeting, and as it includes a change of the mode of electing officers, it is expected that a large gathering of members will take place.

Do you know that you can have The Morning, Evening and Sunday Times—the only COMPLETE newspaper published in Washington—served to you by carrier for fifty cents a month?

There are some

manufacturers who will turn out this season two or three different grades of wheels. The "padding" watchword is

"One Quality"

and that the highest grade. Spalding's name has stood for years as representative of high grade, and this year will be no exception to the rule.

98 models now on exhibition—CHAINLESS—Bevel Gear BLUE RACER—Chain ROADSTER—Chain

and sacrificing '96 and '97 models—1897 Model Spaldings, \$40.

1897 Model Spaldings, \$50.

1897 Model Majestic, \$30.

THE WAGNERS IN A TRADE

James, McGann and DeMontreville

Go for Three Orioles.

Jack Doyle, Henry Reitz and Either Nops or Amole Are Down for Senators Next Year.

According to report, the Wagners, the Washington team, who reside in Philadelphia, have made a trade. Jack Doyle, Henry Reitz, and either Nops or Amole have been gathered from the Orioles, and in return the Senators next year will not have DeMontreville, McGann and James.

On form the Wagners have the best of the deal, as they always believe they have. For DeMontreville, going, energetic, and a hard hitter, they get Reitz, clean in fielding, always steady and a cracking good emergency hitter. As a fielder he ranks high above DeMontreville, and his experience on the noble tag will make him a valuable man to the Wagners; that is, if he should happen to remain a full season.

Either Amole or Nops is a better pitcher than James, and the former will evidently be the choice of Brother George Wagner, who has the selection to make. Next season he will be a better man than Nops, and by far the heavier hitter. James is a pitcher, and a weak one at that. He is in no way a weak pitcher. But it is extremely doubtful if the pugnacious first baseman will wear the togs, as the Wagner brothers are after, as they think, a better man, and the chances are that Doyle will figure in another trade before the preliminary practice begins next spring.

It is a hard guess to name just who will make up the Washington team next season. Even Tom Brown may not be the manager.

Hanson on the Deal.

Baltimore, Dec. 9.—The proposed deal, by which the Washington club shall be allowed to exchange DeMontreville, McGann and James for Doyle, Reitz and Amole, has been made. Hanson insists on having his pick of the two left-handers.

It is thought, however, that the deal will go through. Hanson said this evening that he thought the Baltimore would be doing well to break even on the deal.

He contends that Doyle and Reitz are in no way a weak pitcher. But it is extremely doubtful if the pugnacious first baseman will wear the togs, as the Wagner brothers are after, as they think, a better man, and the chances are that Doyle will figure in another trade before the preliminary practice begins next spring.

It is a hard guess to name just who will make up the Washington team next season. Even Tom Brown may not be the manager.

ANSON OWNS A CLUB.

Will Put a Chicago Team in the Western League.

Chicago will have two baseball clubs next year. Anson, who will resign as manager of the National League team, will probably purchase a team, and will secure the Grand Rapids franchise in the Western League, and will play in the Windy City while the one-time famous White Stockings are away from home. To do this Anson must get the consent of the Chicago League Club, which will be an easy matter.

Tom Burns, who covered third base in the days of Joe, Williamson, Clarkson, Pfeffer, Kelly, Flint, Gore, McCormick, and Dalrymple, former after pennant, has been elected manager.

At the retirement from the big league will cause universal regret, as he is one of the most popular players in the country. He has been subjected to so much abuse in Chicago ever since the Brotherhood war in 1890, that life has become exceedingly hard for the veteran. Personally, he is willing to face the fire again, and that is why he will have a club of his own in Chicago, even though it plays in a minor league circuit. Anson will arrive from Europe in about a week.

Crescent City Jockey Club Races.

New Orleans, Dec. 9.—It was ideal racing weather today and 2,500 persons enjoyed the sport. The contests were characterized by head finishes, three races being won through superiority of the jockeys. Summary: First race—Six furlongs. Alva, 1 to 1; Ben Waddell second, Work third. Time, 1:21 1/4.

Second race—Five furlongs. Seaport, 7 to 10; Wm. Dunster second, Laura May third. Time, 1:06 1/4.

Third race—One mile. High Noon, 7 to 2; See Second second, Viscount third. Time, 1:50 3/4.

Fourth race—Six furlongs. Bill Arnett, 11 to 5; Wm. Cherry Lake second, Mac third. Time, 1:21.

Fifth race—One mile and twenty yards. Fast, 7 to 1; Wm. Duckwater second, Van Brunt third. Time, 1:51 3/4.

Expenses of Pat Carr's Trial.

Pat Carr, father of James Carr, who was arrested yesterday, asking that a decree be passed approving and confirming the seizure of the orphan's Court, which granted to the petitioner the right to her \$225 on the estate of his wife, for the purpose of defraying counsel fees for the defense at law of the said James Carr.

THE QUESTION OF REGATTAS

Coach Lehmann Discusses the Proposed American Henley.

Does Not Regard It Practicable and Believes That University Men Do Not Generally Desire It.

Cambridge, Mass., Dec. 9.—The Harvard Crayon publishes the following communication from Coach Lehmann, of the Harvard crew, relative to the proposed American Henley:

The dinner at Washington on December 15 is a private dinner, and no intention has been given to me that the question of an American Henley, or any other question, will be brought forward for discussion. Nor do I believe that any such discussion will take place. In regard to the Henley, which is called an American Henley, I have not been interviewed with reference to the subject since I landed, early in November. Those who speak of an American Henley do not appear to me to understand quite what the English Henley is.

The regatta is not a connection with any special list of affiliated clubs. Subject to the amateur selection, the regatta is open to all who are open to the whole world. The colleges, but not the university boat clubs, of Oxford and Cambridge compete at Henley. So does the London Club, which is formed almost entirely of Oxford and Cambridge men.

Among other competitors may be mentioned the London Rowing Club, the Thames Rowing Club, the Kingston Rowing Club, the Molesey Boat Club, the Royal Yacht Boat Club, and the schoolboys of Eaton and Radley.

The Henley regatta usually begins about July 1. It is a week-long regatta, and is able to establish in this country a series of college races, which would result in bringing together the two best college crews of the year over a four-mile course. These contests would not in any way resemble the Henley regatta. The general analogy to our Henley would be a regatta, for instance, the rowing colleges of America were to enter crews at the annual regatta of the National Association of Amateur Athletes.

I do not express, nor have I expressed any opinion as to the desirability of establishing an American Henley, or of a general inter-collegiate regatta. There are obvious difficulties in the way, and not the least of these is the lack of any general desire among American college men for the establishment of such a regatta.

NEWS FROM ALEXANDRIA

Barbara Moore's Suit Against W. B. Dobie on Trial.

Rev. Dr. Sanford Lectures to a Large Audience—R. W. French's Store Robbed—Attempt at Arson.

Alexandria, Va., Dec. 9.—The circuit court was engaged today in the trial of the suit of Barbara Moore, colored, against W. B. Dobie, for damages to her property resulting from the firing of a cannon in September, 1896, in front of her home, on Cameron street, between Fayette and Payne. The jury brought in a verdict for the defendant. The firing of the cannon referred to was on the occasion of Hon. William J. Bryan's visit to this city, and resulted in the breaking of a lot of window glass, including that in the plaintiff's house. The defendant's committee replaced the broken glass, but the woman claimed that her house had been otherwise damaged. W. B. Dobie, who is a prominent citizen, was represented by the defendant.

Rev. Dr. Sanford, of St. Patrick's Church, Washington, lectured under the auspices of the Young Men's Society of Alexandria, on "Duke Street," this evening. The eloquent preacher's reputation as a lecturer, especially on Shakespearean subjects, is so well known in Alexandria that he drew a crowded house on a special occasion. He is a native of this city, and his address is 1014 Duke street.
